

SEAP SOLUTIONS

Empowering System Control with:

- IEC-61439 Certified & Intelligent MCC/PCC
- Smart SCADA Solutions
- Advanced Process Automation
- High-Precision Motion Control
- Real-Time Energy Monitoring
- Advanced Power Conditioning
- Intelligent LV/MV Switching

Our Philosophy:

- Innovation
- Commitment
- Service

Innovative Design & Engineering for Automation & Electrical Systems

Company Profile

Overview:

Founded over three decades ago, Seap Solutions has established itself as a leader in empowering system control across various industries. With a strong focus on innovation and customer satisfaction, we have consistently delivered cutting-edge solutions that drive efficiency, sustainability & reliability. Our team of highly skilled engineers & technicians brings extensive expertise to every project, ensuring that our clients receive the highest quality products & services. From conception to implementation, we work closely with our customers to understand their unique requirements & develop customized solutions that exceed their expectations.

At Seap, we are guided by a set of core values that shape our business practices. Integrity & ethics are at the heart of everything we do, and we hold ourselves to the highest standards of professional conduct. We take immense pride in the quality of our work & settle for nothing less than excellence in every aspect of our performance.

As we continue to grow and evolve, we remain committed to staying at the forefront of technological advancements and providing innovative solutions that meet the diverse needs of our clients. With a solid foundation built on trust, quality, & customer success, Seap Solutions is well-positioned to tackle the challenges of the future and deliver exceptional value to our customers.

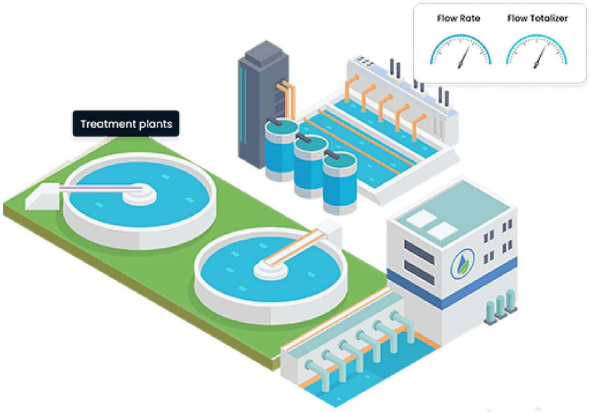

Core Competencies:

- Design
- Manufacturing
- Installations & Commissioning
- Automation & Digitalization
- Software Development
- Consulting & Advisory

Connected Solutions, Smarter Production

Smart Water Utility Management

SIMWATCH SCADA Packages For:

- Automation of Drinking & Waste Water Treatment, Pumping & Distribution Plant
- Canals, Dams & Barrages Automation & SCADA System
- Automated Distributed Water Metering & Billing System
- Water Quality Management & Disinfection System

Smart Power & Energy Management

SIMCOS Energy Management Packages For:

- Reactive Power Management System
- Smart Prepaid & AMR Tariff Metering System
- Active Harmonic Filters
- SIMLIGHT Street Light Control & Monitoring

Smart Plant Automation & Drive System

- Process Automation & Digital Manufacturing
- AC Variable Frequency Drive System
- Digital DC Drives System
- PLC & DCS Based Automation System
- Human Machine Interface & Display
- Supervisory Control & Data Acquisitions System
- IIoT Based Remote Terminal Units

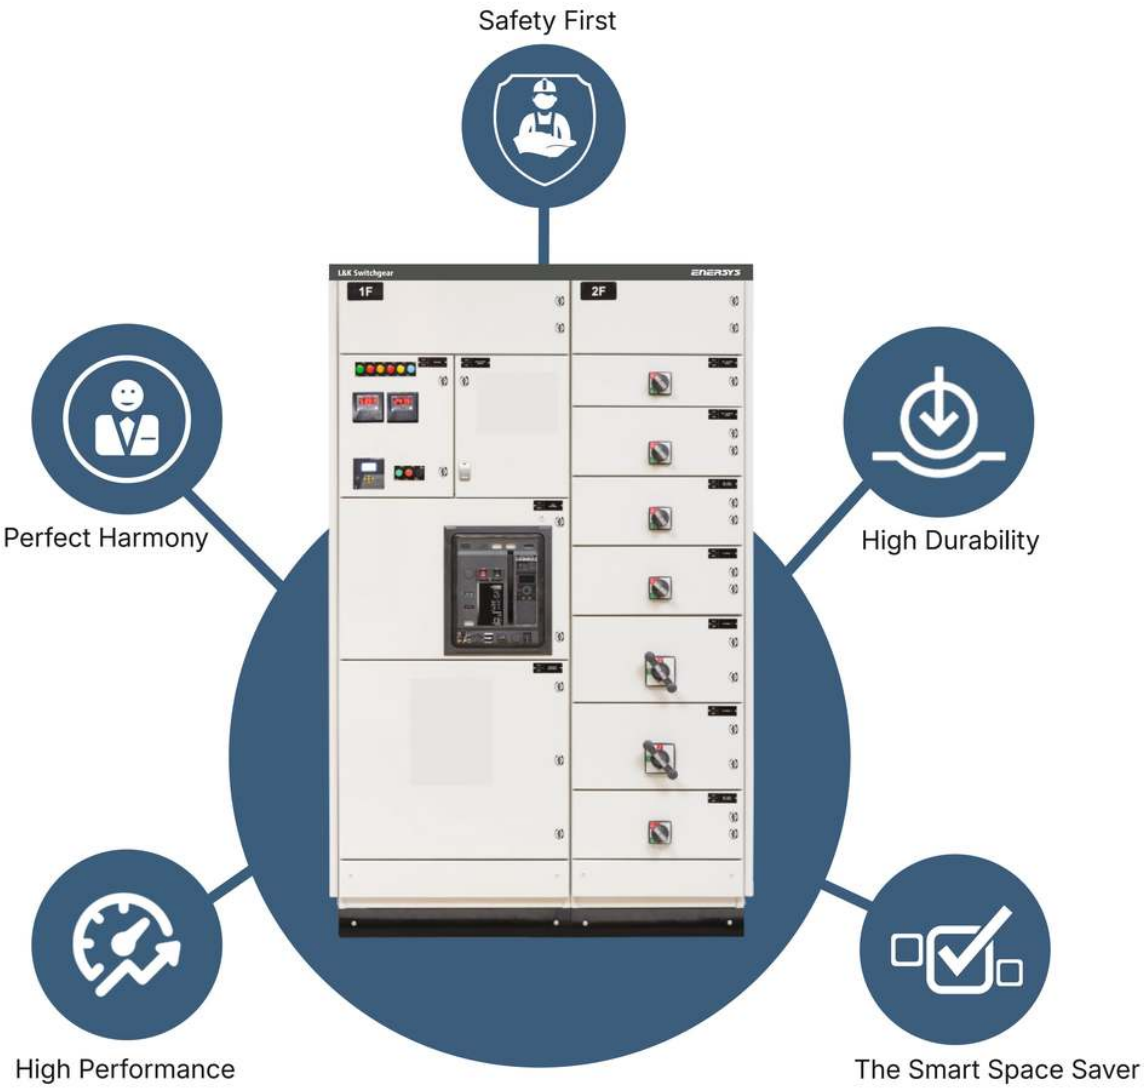

ENERSYS

THE LEADING EDGE

A Global Validation

IEC 61439

Industry Sectors Served By Us:

- Sugar
- Steel
- Glass
- Paper
- Chemicals
- Engineering
- Tobacco
- Plastics
- Wood
- Tyre
- Food Processing
- Hotel, Malls & Large Buildings
- Electricity, Water, Gas & Telecom Utilities
- Various Other

Our Ecosystem of Partners:

Lauritz Knudsen Electrical & Automation

SIEMENS
